Swindon Borough Council Elections

Thurs 2nd May A Chance to Change Swindon

David Renard says "Only the Conservatives can defeat Labour and take control of Swindon".

After 20 years of Labour domination the time is right to change the political control of Swindon council.

Last year government inspectors found major weaknesses in Swindon's Education and Social Services Departments.

In October the Labour Councillors recognised their incompetence and resigned!

Today the Conservatives have a new vision for Swindon. We plan to provide better council services, quality care for the elderly, schools for our children and the best value possible from Council Tax.

SWINDON'S LABOUR LEGACY 2001

Education Department Ofsted Inspection	Bad Failure
Social Services Department Government Inspection	Major Areas of Concern
Bid for City Status	Failed
Steam Museum	Financial Crisis
Labour Administration 1979 to 2001	Resigned 27/9/2001
2002 -2003 Council Tax Rise	15.5%

Swindon deserves better than a Labour Council!

Estelle Morris Labour MP,
Secretary of State for Education and Skills,
Said of education services under Labour:
**The council is "seriously failing
in its duty to provide support to
its schools and their
pupils"** (Advertiser, 15/09/2001)

**Conservatives must gain 4 seats to defeat Labour
a gain of 8 seats will control the Council.**

David Renard is a governor of Haydonleigh Primary School

Swindon Council
Elections
Thursday May 2nd.

David Renard, the Conservative Candidate, is a local resident with 3 children who are of school age .

David is deeply concerned at the low standard of secondary education in North Swindon.

He says " There are too few secondary schools, too little choice and too low standards. Our children deserve better!"

David and his wife Bonita have two daughters and one son. They live at 5 Borage Close, Haydon Wick.

A Conservative Council will:

1. **Manage council finances to get the best value for your money (by reducing waste).**
2. **Demand that Government plans to expand Swindon are matched by cash for essential infrastructure, schools, parks, and main roads.**
3. **Raise children's SAT and GCSE examination results to levels above the national average by genuinely increasing school budgets and working with teachers, parents and pupils to raise everyone's expectations.**
4. **Protect the elderly and the disabled by better management of the Social Services budget.**
5. **Protect the Environment – Provide better parks, youth provision and play areas. And fight to defend parks and sports fields from building and development.**
6. **Create cleaner streets by replacing the current complaints driven service with regular programmes of litter picking and graffiti removal.**

**Feedback: To David Renard 5 Borage Close, Haydon Wick, Swindon
 SN25 1SQ or Phone 638552**
