Dear

I just wanted to write to you personally to wish you a Happy New Year. 2011 will be a tough year, with the financial mess the country is in, but we in your local Lib Dem FOCUS Team are confident we can deliver successful campaigns to improve our area.

You may have read in the last edition of FOCUS that Cllr Martin Wiltshire is stepping down in May. I'm really pleased to announce that local members have selected **Nicky Sewell** to fight for election in May for the FOCUS Team.

I'm delighted that Nicky Sewell has agreed to join the FOCUS Team. Nicky lives in Eastcott and is a hugely experienced campaigner. She is well-known to many residents as Chair of one of Eastcott's successful Residents' Associations, so she is well-used to solving small problems and campaigning for big change.

Nicky has also been the main volunteer knocking on doors and ringing Eastcott residents to find out their views, for the FOCUS Team, in the last 5 years and so will be a familiar face and voice for many of you and has a real understanding of the area.

Nicky has also been a long-time campaigner for disability rights and higher education. In her spare time she is trustee of a local environmental charity.

Nicky will be an important asset to the FOCUS Team in this important and difficult year.

With her help we can keep up the fight for the **Second Kingshill Crossing** and make a big difference in taking up unnecessary Yellow Lines in **Residents Parking** areas.

We will stay in touch with you about how we get on with these campaigns over the coming months. If we can do anything to help you on your street please do not hesitate to get in touch.

Yours sincerely,

Cllr Stan Pajak

PS – Don't forget, whatever is happening nationally we are your local FOCUS Team, standing for hard work and staying in touch all year round – not just when elections are around the corner!
