Dear

Nicky Sewell and the FOCUS Team have been knocking on thousands of doors in Eastcott over the last couple of months, consulting you to make sure we are working hard on the issues that matter to you. We work hard and stay in touch all year round – not just at election time. Some of the issues we have been working on this month include:

- **What is happening with Aldi on Drove Road?** We hear construction is due to start, finally, in the next two months. We understand the new store will be open later this year in plenty of time for Christmas!
- **Fleming Way (Union Square) Development.** There are plans to make Fleming Way pedestrians and buses only (from Whalebridge Roundabout to past Debenhams). We are warmly welcoming general redevelopment there. But we are raising objections about the additional traffic this would drive up Drove Road and Groundwell Road.
- **No more Split Houses here please.** The team are trying to change Council policy (with new powers given by the Government) to say No to more split houses here. We have the highest proportion of split houses in Swindon and do not need any more. Some split houses are good for the economy and young people starting out. But we already have more than our fair share. But we can only do this with your help! We can only try to change this if enough people come forward with their experience of problems. Come to Savernake Street Hall on 19th March at 10am-2pm to tell us your stories, or get in touch directly with us if you cannot make it.
- **What is happening with the College Site?** Once the developers have spent the money on pulling the college site down you know redevelopment is definitely happening right away. Finals permissions have nearly been granted and we hope the bulldozers will have moved in by May.
- **Rubble and the College Site.** As well as pushing for the college demolition ASAP we have also been thinking about its impact on you. We are questioning where and when the lorries carrying the masses of rubble will go. We will be sticking up for you!
- **Spot the Labour candidate?** With an election coming up the Labour candidate is bound to suddenly take an interest in your area. If you hear from them do let us know. Don't forget we work hard and stay in touch all year round, not just at election time!

We care about the issues that matter to you, and work hard to resolve them. If there are any other issues **Nicky Sewell**, the FOCUS Team and I can work on for you please do not hesitate to contact us on 642936 or team@eastcottfocus.org.uk

Yours sincerely,

Cllr Stan Pajak

PS – Whatever is happening nationally we are your local FOCUS Team, standing for hard work and staying in touch all year round – not just when elections are around the corner!
